## Nelson Cicchitto

CEO & Founder

Nelson Cicchitto serves as the Chairman, Chief Executive Officer and President of Avatier Corporation. Mr. Cicchitto oversees its overall corporate and product strategies. He is a career information technology leader and joined Avatier Corporation in 1995. With over 20 years of experience defining and implementing information technology visions for Fortune 100 companies, he commercialized the world's first delegated administration solution for the Microsoft Windows NT platform.

Before joining Avatier, he served as an Independent Consultant for Pacific Bell, where he was responsible for rolling out the Standard Desktop initiative to 20,000 employees. Prior to that, he worked at Chevron Information Technology Company, where he designed Chevron's first common operating environment and X.500 directory. He has been Member of Strategic Advisory Board at HDI Inc., since April 11, 2013.

He graduated with honors from the University of North Texas with a Bachelor of Science in Computer Science.
